EDUCATION

ATRIA INSTITUTE OF TECHNOLOGY

Bachelor of Technology in Computer Science with Data Science

Cumulative CGPA: 9.7/10;

Relevant Coursework: Data Structures & Algorithms, Database Systems, Web Development

Bangalore, India

2nd year Engineering-*(present)*

PROFILE SUMMARY

Web development focused Computer Science & Data Science undergraduate with hands-on experience in building user centric web applications using HTML, CSS, and JavaScript. Strong in writing clean, efficient code, understanding UI principles, and continuously improving technical skills through practical projects and team-based development.

WORK EXPERIENCE

STUDENT TEAM LEAD- College related projects

Bangalore, India

Software Developer

2025-Present

- Managed task allocation and progress tracking while applying problem solving and analytical thinking in team-based development.
- Gaining hands-on experience in **Full-Stack Web Development**, demonstrating strong ownership and accountability under deadlines.

PROJECTS

Student Evaluation System

Tech Stack: Python, MySQL, Data Visualization, HTML/CSS (*UI Enhancements – Ongoing*)

Feb 2024

- Developed an interactive student performance evaluation system to analyze **academic and co-curricular data** stored in a **MySQL database**.
- Implemented **subject-wise bar charts and pie charts** for clear performance visualization and decision support.
- **Recognized as Best Project among 25 teams** at the 12th-standard level; currently enhancing **UI/UX** for improved usability and user experience.

FinSecure – Personal AI Finance Assistant (*Ongoing*)

Oct 2025

- Developing a socially impactful application to **organize, manage, and analyze personal financial data** for individuals with multiple income sources.
- **Designed to function as a personal AI finance assistant, improving financial awareness through structured data handling.**

AI-Based Interview Assistant (Hackathon Project)

Nov 2025

- Built an AI-powered interview assistant capable of **conducting mock interviews and analyzing interviewee mood**.
- Gained hands-on experience in **rapid prototyping, AI integration, and time bound collaborative development**.

ADDITIONAL

Technical Skills: Java, Python, C, JavaScript, React.js, Node.js, MySQL, Git, REST APIs

Languages: English, Hindi, Kannada

Awards:

- Academic Topper - Computer Science Engineering (Data Science)- 2025
- Winners- National Level Throwball Championship (Karnataka Team Captain)-2023
